## Request Description

Short Description :

I request all river water data samples from the Gold King Mine spill in Colorado and New Mexico, from the affected portions of the Animas and San Juan rivers. The data should include metal content and other similar data points including any preliminary data taken from the river from July 1 2015 through the processing of this request. I also request any data samples acquired through third parties.

Description Available to the Public : Yes ☒Has Description Been Modified? ☐
